### RESULTS OF TWO-YEAR PLAN IN METAL INDUSTRY

The two-year plan was completed in November in the production of unfinished steel, iron, and rolled distribution goods. In the mining industry the entire deficit for 10 months of the two-year plan was made up in November, and 6,440 tons of coal were left over; thus the plan was fulfilled 108 percent, according to preliminary results. The output per head per shift was increased by about 45 kilograms. The industrial sector of paper and cellulose finished its entire two-year plan on 6 November.

There is only partial data from the metal industry. The Tatra factory in Ceska Lipa for freight cars fulfilled its plan in November by 69.3 percent; Tatra Studenka, freight cars, 123.4 percent; Tatra Smichov, freight cars, 100 percent, passenger cars, 146 percent; Tatra Kolín, passenger cars, 111 percent; Tatra Kopřivnice, castings, 119.1 percent; United Factories for Machine Tools, Lipnik, 89.5 percent; TOS <sup>probably</sup> Factories for Machine Tools, Lipnik, 103.3 percent; TOS Melounkov, 79.9 percent; TOS Olomouc, 100 percent; TOS Ruzin, machine tools, 113 percent, gray cast iron, 115 percent; TOS Varnsdorf, machine tools, 89 percent, lathe chucks, 75 percent, gray cast iron, 103.3 percent; Strojovna Brno, Vlasin, machine tools, 146.6 percent; Strojovna Brno, Lisen, roller bearings, 68.3 percent in November with a total fulfillment of 103.5 percent.

Agrestoj Roundnise fulfilled its November plan in castings 87 percent; Brandys factory, castings, 94 percent; Papajedia factory, 105.1 percent; and Jicin factory, 100.9 percent. OZ Strakonice 5137, machine tools, 180 percent; motors, 100 percent; and spare parts, 51.4 percent. The Tesla state enterprise, Praha VII factory, light bulbs, 126.3 percent; Eloubetin factory, radio tubes, 163.9 percent; Holosovice factory, radio tubes, 106.2 percent; Marlin factory, November production of telephones, 56.4 percent (since January, 123.6 percent); Pardubice factory, telephones, 52 percent (total for the year, 124.2 percent); radio receivers, 125.4 percent; Prelouc factory, radio receivers, 150 percent; Eloubetin factory, radio receivers, 150.9 percent.

STAT

The Iada factory in Sobeslav was the first of the MILA sewing-machine factories to fulfill its assigned production plan. The MILA factory in Bynov fulfilled its plan in castings 88.8 percent, and in sewing machines, 80.5 percent. The MILA factory at Opava fulfilled its plan in the production of sewing machines 113 percent.

The Zbrojovka Praha ball-bearing factory in Dolni Mecholupy fulfilled its two-year plan 101.5 percent on 27 October, and thus helped to lessen the shortage of ball bearings.
